Re: Collaborative Rehabilitation Agreement

Dear IHPT Patients,

Many years of experience have taught us that success in rehabilitation occurs if both the therapist and the patient fulfill their responsibilities. Our responsibility is to provide you with the best therapy possible. Your responsibility is to attend your scheduled appointments consistently and to perform your home exercise program. Your rehabilitation potential will be maximized when we all do our part.

Inconsistent attendance is a major contributor to poor recovery potential. Not only does the rehabilitation suffer, but we are left without any way to fill the scheduled time slot for other patients who need to be seen. It is for this reason that we reserve a time slot for you and expect you to attend. Missing appointments with less than a 36-hour notice will result in a \$50 charge/fee. Missing a second visit will result in being discharged from further treatment with notice sent to the referring physician.

Please know that we intend to provide the best rehabilitation experience possible. We need your attendance and cooperation to help maximize your rehab potential.
